

CANOPIES

FOLD OUT TO LET THE SHADE IN!

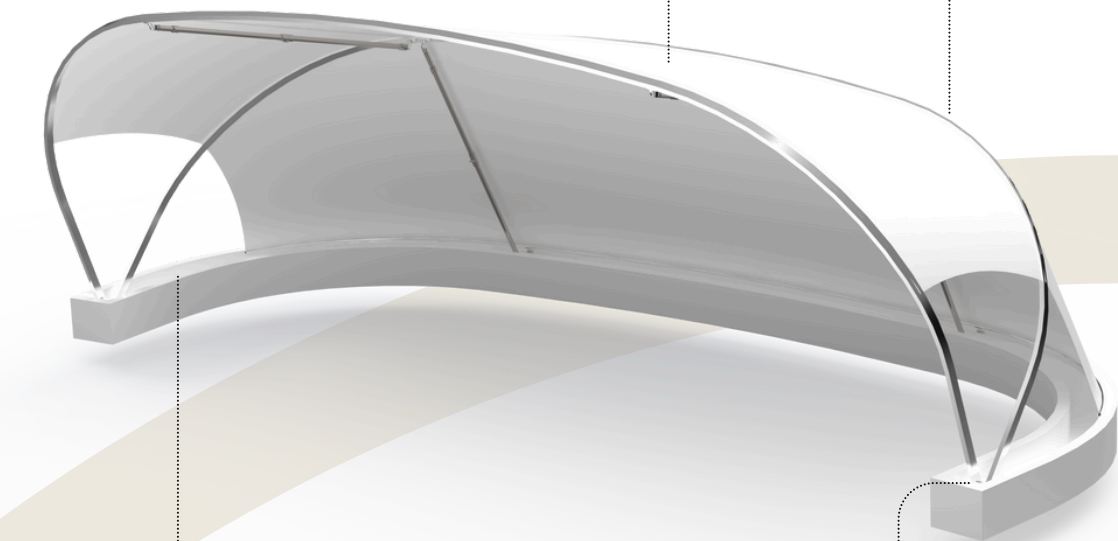

Our Folding Canopy is a marvel of design and functionality, crafted from high-strength carbon fibre, stainless steel or aluminium.

This innovative piece of equipment folds out into a canopy, offering instant sun protection. When not in use, it smoothly merges into the yacht's superstructure, giving it an invisible look.

Space-saving, practical and entirely customisable in possibilities with either a manually or electrically-driven control.

Acryl or Soltis fabric consiting of optimal stretching characteristics

Frame is constructed out of stainless steel or aluminium tubes

Cover plate lies flush with furniture when folded down

Optional hydraulic cylinders to operate the folding system, or manually controllable

PRODUCT SPECIFICATIONS

HEIGHT	According to requirements
WEIGHT	Dependant on features
