

GATES

MORE THAN JUST SAFETY!

The possibilities of bespoke designs and shapes are endless as we design, engineer and manufacture everything in-house. A perfect example of this are our carbon fibre Gates.

Being available in different finishes (teak veneer, clearcoat or painted in colour of choice). Also, the railing systems can be removable or even foldable. Its elegance is not just combined with safety but also with user-friendliness.

Numerous possibilities for customisation (shape, colour, material, size)

To be installed on any location onboard

Produced according to the latest Lloyds Register regulations

User-friendly system for quick installation
