

SELF-LEVELLING BOARDING LADDERS

A SMOOTH STEP ABOARD!

Since its launch, our Self-levelling Boarding Ladder has quickly gained attention, with many units already successfully delivered.

With plenty of custom configurations – from the number of steps to the type of railing, a swivel platform and different teak up-lay options – this carbon fibre product is designed to fit any superyacht. Practical features integrated into both the removable Stanchion system and the divisible mechanism make effortless storage possible. Tested and certified, it ensures optimal sturdiness while maintaining a lightweight design.
