

MODULAR AWNING SYSTEMS

MULTI-FUNCTIONAL DESIGN!

Developed together with the Monegasque design studio Espen Øino International, is our carbon fibre modular awning system. This system allows any yacht to seamlessly transform outdoor spaces.

Thanks to its divisible mechanism, Tec Wire’s lightweight sun awning Poles are now even easier to store and install. For evening events, the light poles and lanterns create ambient or party-ready lighting.

Taking convenience a step further, the Davit Crane brings flexibility and efficiency to deck operations. Its ergonomic design and compact storage make it a practical choice, especially with its integrated light for working in the dark.

PRODUCT SPECIFICATIONS

HEIGHT	According to requirements
WEIGHT	Dependant on features
