

ROTATABLE FLAGPOLES

A NEW STANDARD!

The advanced rotating mechanism sets a new standard for ease of use by enabling effortless adjustment of a yacht's flag(pole) by remote control.

With its remote control, we focus on the user-friendly aspect, making hoisting, cleaning, and maintenance a breeze.

Installed on several superyachts, this classic masterpiece blends elegance and functionality with a modern twist!

Remote controller included to control Rotatable Flagpole from distance

All stainless steel parts are high-gloss polished

Automatic or manual rotation system that's lockable

Tailor-made drive to fit on limited space on-board
