

# TENDER LADDERS

## A QUICK STEP ABOARD!

Made with your Tender in mind, our Tender Ladders are created to make life on the water more enjoyable and practical.

With a compact size and fewer steps than the original Swimpladders, they fit seamlessly into any tender or yacht, while the innovative foldable system makes storage effortless.

Designed, engineered and manufactured in-house

Foldable system to store the product in a compact size

Adjustable stainless steel deckpins

Various up-lay finishes: real or fake teak, antiskid or Bolidt

## PRODUCT SPECIFICATIONS (4 steps)
